Tankoa Yachts announced the sale of the first 55m T55 Sportiva

Nicola Capuzzo · Thursday, February 3rd, 2022

Tankoa Yachts has just announced the sale of its first all-aluminium T55 Sportiva yacht designed by Luca Dini. The Linear Sportiva series, which also features T45 and T65 models which are currently being developed, was announced in June 2021.

“We believed in this new project right from the start” said Giuseppe Mazza, Tankoa’s sales & marketing manager. “In addition to the beautiful external lines, the Sportiva 55 has some design solutions never before seen in a yacht in her class, such as the large window with an “under and over the water” view located in the fitness room adjacent to the beach club.

“Thanks to his experience and skill, Luca Dini has managed to integrate all the best features into a 55-metre yacht while remaining under 500 GT” the shipyard further added. “Top features of the yacht include her large beach club which blends the aft main and lower decks into one single space with a swimming pool sunk into the terrace. From the lower deck there is direct access to a spa and fitness area”.

Eva Orsi, Tankoa’s president, stated: “This new sale confirms the validity of our commercial strategy. What’s more, it also gives continuity to our order portfolio and will allow us to continue investing in infrastructure, research and innovation. With the current market situation, we’re looking to 2022 with great confidence and the awareness that the Tankoa brand is a rising star in luxury yachting”
